Pogramme Summary

The Pharmacy Practice Department and the National Service Scheme (NSS) of Nirmala College of Pharmacy organized a commendable Diabetes Day Awareness Campaign. The event, held in an adopted village, Peringuzha Grama Panchayath and also at an old-age home, aimed to educate the community about diabetes, its risk, and preventive measures. The program was held at 10:00 am and the program was inaugurated by the grama Panchayath member. Activities included, blood sugar level testing and the distribution of diabetic food charts to promote healthy eating habits. The campaign also featured awareness classes, reaching out to staff from nearby institutions, emphasizing the importance of early detection and management of diabetes. This initiative reflects the institution's commitment to community service and healthcare education.
